a selection of seventy five myths of classical india

a provocative response to allan bloom s closing of the american mind and e j hirsch s cultural literacy this is a delightful collection of stories about stories wise witty and instructive that open the american mind to a truly human cultural literacy

wendy doniger s foundational study is both modern in its engagement with a diverse range of religions and refreshingly classic in its transhistorical cross cultural approach by responsibly analyzing patterns and themes across context doniger reinvigorates the comparative reading of religion tapping into a wealth of narrative traditions from the instructive tales of judaism and christianity to the moral lessons of the bhagavad gita she extracts political meaning from a variety of texts while respecting the original ideas of each a new preface confronts the difficulty of contextualizing the comparison of religions as well as controversies over choosing subjects and positioning arguments and the text itself is expanded and updated throughout

many cultures have myths about self imitation stories about people who pretend to be someone else pretending to be them in effect masquerading as themselves this great theme in literature and in life tells us that people put on masks to

discover who they really are under the masks they usually wear so that the mask reveals rather than conceals the self beneath the self in this book noted scholar of hinduism and mythology wendy doniger offers a cross cultural exploration of the theme of self impersonation whose widespread occurrence argues for both its literary power and its human value the stories she considers range from ancient indian literature through medieval european courtly literature and shakespeare to hollywood and bollywood they illuminate a basic human way of negotiating reality illusion identity and authenticity not to mention memory amnesia and the process of aging many of them involve marriage and adultery for tales of sexual betrayal cut to the heart of the crisis of identity these stories are extreme examples of what we common folk do unconsciously every day few of us actually put on masks that replicate our faces but it is not uncommon for us to become travesties of ourselves particularly as we age and change we often slip carelessly across the permeable boundary between the un self conscious self indulgence of our most idiosyncratic mannerisms and the conscious attempt to give the people who know us personally or publicly the version of ourselves that they expect myths of self imitation open up for us the possibility of multiple selves and the infinite regress of self discovery drawing on a dizzying array of tales some fact some fiction the woman who pretended to be who she was is a fascinating and learned trip through centuries of culture guided by a scholar of incomparable wit and erudition

recorded in sacred sanskrit texts including the rig veda and the mahabharata hindu myths are thought to date back as far as the tenth century bce here in these seventy five seminal myths are the many incarnations of vishnu who saves mankind from destruction and the mischievous child krishna alongside stories of the minor gods demons rivers and animals including boars buffalo serpents and monkeys immensely varied and bursting with colour and life they

demonstrate the hindu belief in the limitless possibilities of the world from the teeming miracles of creation to the origins of the incarnation of death who eventually touches them all

hindu and greek mythologies teem with stories of women and men who are doubled this text recounts and compares a range of these the comparisons show that differences in gender are more significant than differences in culture

explores the theme that women are objectified as sexual and reproductive bodies by symbolic beheading in myths and by such practices as veiling head coverings and cosmetic highlighting shows how women s heads link them to speech identity and mind all characteristics classically reserved for men and how beheading women reduces them to mute and anonymous flesh most of the examples are drawn from oriental classical greek and roman and early christian contexts but some modern cases are also examined the seven essays were presented at a panel of the american academy of religion date and place not noted annotation copyright by book news inc portland or

upholds a disney vacation as a religious experience offers insightful arguments relating to the nature of play as well as nietzschean philosophy reading religion rituals mark significant moments in our lives perhaps none more significant than moments of lightheartedness joy and play rituals of play are among the most sacred of any of the rites in which humanity may engage although we may fail to recognize them they are always present in culture providing a kind of psychological release for their participants child and adult alike disneyland is an example of the kind of container necessary for the construction of rituals of play this work explores the original disney theme park in anaheim as a temple cult it challenges the disciplines of mythological studies religious studies film studies and depth psychology to

broaden traditional definitions of the kind of cultural apparatus that constitute temple culture and ritual it does so by suggesting that hollywood s entertainment industry has developed a platform for mythic ritual after setting the ritualized stage this book turns to the practices in disneyland proper analyzing the patron s traditions within the framework of the park and beyond it explores disneyland s spectacles through selected shows and parades and concludes with an exploration of the park s participation in ritual renewal there is much to commend in koehler s study surely her work should encourage others to examine myth construction and sacred secular rituals in popular culture h celebration

this book starts with a consideration of a 1997 issue of the new yorker that celebrated fifty years of indian independence and goes on to explore the development of a pattern of performance and performativity in contemporary indian fiction in english salman rushdie arundhati roy and vikram chandra such fiction which constructs identity through performative acts is built around a nomadic understanding of the self and implies an evolution of narrative language towards performativity whereby the text itself becomes nomadic a comparison with theatrical performance peter brook s mahabharata and girish karnad s theatre of roots serves to support the argument that in both theatre and fiction the concepts of performance and performativity transform classical indian mythic poetics in the mythic symbiosis of performance and storytelling in indian tradition within a cyclical pattern of estrangement from and return to the motherland and or its traditions myth becomes a liberating space of consciousness where rigid categories and boundaries are transcended

in this provocative work sophia heller challenges the assumption that we cannot be without myth that myth is necessary to vital soulful living indeed heller argues we have been living in a world without myth for a long time the absence of

myth examines the loss of a religious mode of being in the world and demonstrates how theorists who insist on the presence of myth deny its historical end absence of myth may seem obvious evidenced by our lack of cult and ritual and by our de animated natural world as well as in the emergence of conceptual thought and psychological awareness which could only arise with the dissolution of a prereflective mythic mode of being in the world but what appears to be straightforward becomes complicated when myth is intentionally conflated with thought and reflection usually in the attempt to cultivate a mythic consciousness that aims to restore meaning to life and assuage the spiritual malaise of contemporary culture myth cannot rest in peace it must be continually unearthed redefined and recontextualized such that modern and postmodern notions of myth are made to substitute for something that has never been experienced only imagined
