winner of the 2015 los angeles times book prize for current interest i can t imagine a more important book for our time sebastian junger the world is blowing up every day a new blaze seems to ignite the bloody implosion of iraq and syria the east west standoff in ukraine abducted schoolgirls in nigeria is there some thread tying these frightening international security crises together in a riveting account that weaves history with fast moving reportage and insider accounts from the afghanistan war sarah chayes identifies the unexpected link corruption since the late 1990s corruption has reached such an extent that some governments resemble glorified criminal gangs bent solely on their own enrichment these kleptocrats drive indignant populations to extremes ranging from revolution to militant puritanical religion chayes plunges readers into some of the most venal environments on earth and examines what emerges afghans returning to the taliban egyptians overthrowing the mubarak government but also redesigning al qaeda and nigerians embracing both radical evangelical christianity and the islamist terror group boko haram in many such places rigid moral codes are put forth as an antidote to the collapse of public

integrity the pattern moreover pervades history through deep archival research chaves reveals that canonical political thinkers such as john locke and machiavelli as well as the great medieval islamic statesman nizam al mulk all named corruption as a threat to the realm in a thrilling argument connecting the protestant reformation to the arab spring thieves of state presents a powerful new way to understand global extremism and it makes a compelling case that we must confront corruption for it is a cause not a result of global instability

is there any hope for those who despair at the state of the world and the powerlessness of governments to find a way forward global governance and the emergence of global institutions for the 21st century provides ambitious but reasonable proposals to give our globalized world the institutions of international governance necessary to address effectively the catastrophic risks facing humanity that are beyond national control the solution the authors suggest is to extend to the international level the same principles of sensible governance that exist in well governed national systems rule of law legislation in the common interest an executive branch to implement such legislation and courts to enforce it the best protection is unified collective action based on shared values and respect for diversity to implement widely accepted international principles to advance universal human prosperity and well being this title is also available as open access

unlike much of the existing literature on organised crime this book is less focused on the problem per se as it is on understanding its implications the latter especially in fragile and conflict regions amount to strategic challenges for the state whereas most commentators would agree that criminal activities are harmful this volume addresses the questions of how for whom and controversially are they always harmful the volume is authored by experts with multi year experience analysing criminal and other non state activities they do so through different lenses conflict and security development and technology engaging academics practitioners and policy makers they offer a comprehensive integrated response to the challenges of transnational organised crime beyond traditional law enforcement driven recommendations

the problem of corruption however described dates back thousands of years professionals working in areas such as development studies economics and political studies were the first to most actively analyse and publish on the topic of corruption and its negative impacts on economies societies and politics there was at that time minimal literature available on corruption and the law the literature and discussion on bribery and corruption as well as on the negative impact of each and what is required to address them particularly in the legal context are now considerable corruption and anti corruption are multifaceted and multi disciplinary the focus now on the law and compliance and perhaps commercial incentives is relatively easy however corruption anti corruption and the motivations for them are complex if we continue to discuss debate engage address corruption and anti corruption in our own disciplinary silos we are unlikely to significantly progress the fight against corruption what do terms such as culture of integrity demand accountability transparency and accountability and ethical corporate culture dominating the anti corruption discourse mean if anything in other disciplines if they are meaningless what approach would practitioners in those other disciplines suggest be adopted to address corruption what has their experience been in the field how can the work of each discipline contribute to the work of whole and as such improve our work in and understanding of anti corruption this book seeks to answer these questions and to understand the phenomenon more comprehensively it will be of value to researchers academics lawyers legislators and students in the

fields of law anthropology sociology international affairs and business

a definitive resource for understanding such far reaching and often interconnected crimes as cyber theft drug trafficking human smuggling identity theft wildlife poaching and sex tourism while many international corporations have benefited from the global economy and distribution of information globalization has also had serious negative consequences this important reference work offers students and general readers a critical understanding of how technology governments political unrest war and economic strife contribute to an increase in global crime this a z encyclopedia covers key people events and organizations and includes key documents that will help readers to understand the numerous problems created by the many transnational crimes that are growing in severity and frequency around the world entries address perpetrators and their methods victims who really profits and law enforcement responses in addition to cyber theft and sales of weapons and narcotics the set provides a detailed look at global crimes not typically covered such as corruption fraudulent medicine illegal sports betting organ trafficking maritime piracy trafficking in cultural property and wildlife and forest crime although some historical events and people are included the focus is on recent and contemporary topics

in the first comprehensive study on the issue kolawole olaniyan challenges the conventional notion that sovereign and ownership rights over proceeds of corruption should be exclusively exercised by states he examines the relationship between the right to wealth and natural resources proceeds of corruption and economic activities

this interdisciplinary volume highlights the crucial role of effective government in sustaining democratic constitutionalism in each chapter leaders in the fields of constitutional law and politics provide innovative analyses of the relationships between effective government and democratic constitutionalism its principles and its institutions

the handbook of african economic development explores the diverse nature of economic advancement in africa spanning from pre colonial times to the present day expansive in scope it offers both orthodox and heterodox perspectives on the subject and what it means for the continent

since the 1970s most countries in africa have failed to make any significant improvements in the standard of living of their citizens one of the most important reasons advanced to explain continued poverty and deprivation in the continent is pervasive corruption corruption the subject of this book has become quite pervasive in africa and now constitutes an important development constraint this book emphasizes the public choice perspective to corruption cleanups and thus also presents the international dimension of corruption along with global efforts to tackle the problem

covers law enforcement functions and organizations criminal procedures courts and trials sentencing prison operations and other criminal justice processes
